

Dear Parents,

Below you will find the results of the recent tryout for the Boys 2008 age group. At this time, the results are posted with your child in the designated placement. *These placements are set as posted until such time that the lead trainer for the age group or a club official contacts you directly.*

For those who have been invited to join we are requiring you to accept your child's position by registering on the SSC sports sign up page by Thursday June 14th.

For groups with multiple teams, roster placement for games will vary between those teams during the year as determined by the training staff.

Final team placement may be subject to change as players accept or decline their invitations to join.

Thank you for your understanding and cooperation.
