

Dear Parents,

Below you will find the results of the recent tryout for the Girls 2006 age group. At this time, the results are posted with your child in the designated placement. *These placements are set as posted until such time that the lead trainer for the age group or a club official contacts you directly.*

For those who have been invited to join we are requiring you to accept your child's position by registering on the SSC sports sign up page by Thursday June 14th.

Final team placement may be subject to change as players accept or decline their invitations to join.

For those that are on the Alternate List, as final decisions are made and roster spots open up, we will be calling in the next ranked player to join the age group. Please be prepared to do so upon invitation to allow parents and players to be informed in a timely fashion and allow the age group to properly fill their roster spots. All players/parents on the alternate list will be informed as soon as possible of either being offered a roster spot or if there are unfortunately no additional spaces on a roster. We will always do our best to include as many players as possible in each age group.

Thank you for your understanding and cooperation. Syosset Soccer Club.

Thank you for your understanding and cooperation.
